

Nathan DeFoor

Owner

DeFoor Innovations LLC

nathan@defoorinnovations.com

Nathan DeFoor is a firefighter turned farmer who is reinventing agriculture. Driven by the dream to nourish communities everywhere with safe, nutritious, and delicious food, DeFoor created a vertical hydroponic sleeve that empowers farmers to grow more with less. Using the DeFoor Innovations system, growers both large and small can produce vegetables, herbs, fruits, and flowers with minimal environmental impact and virtually zero risk.
